## **Canadian National Railway to close Grass Lake Road crossing to install new crossing**

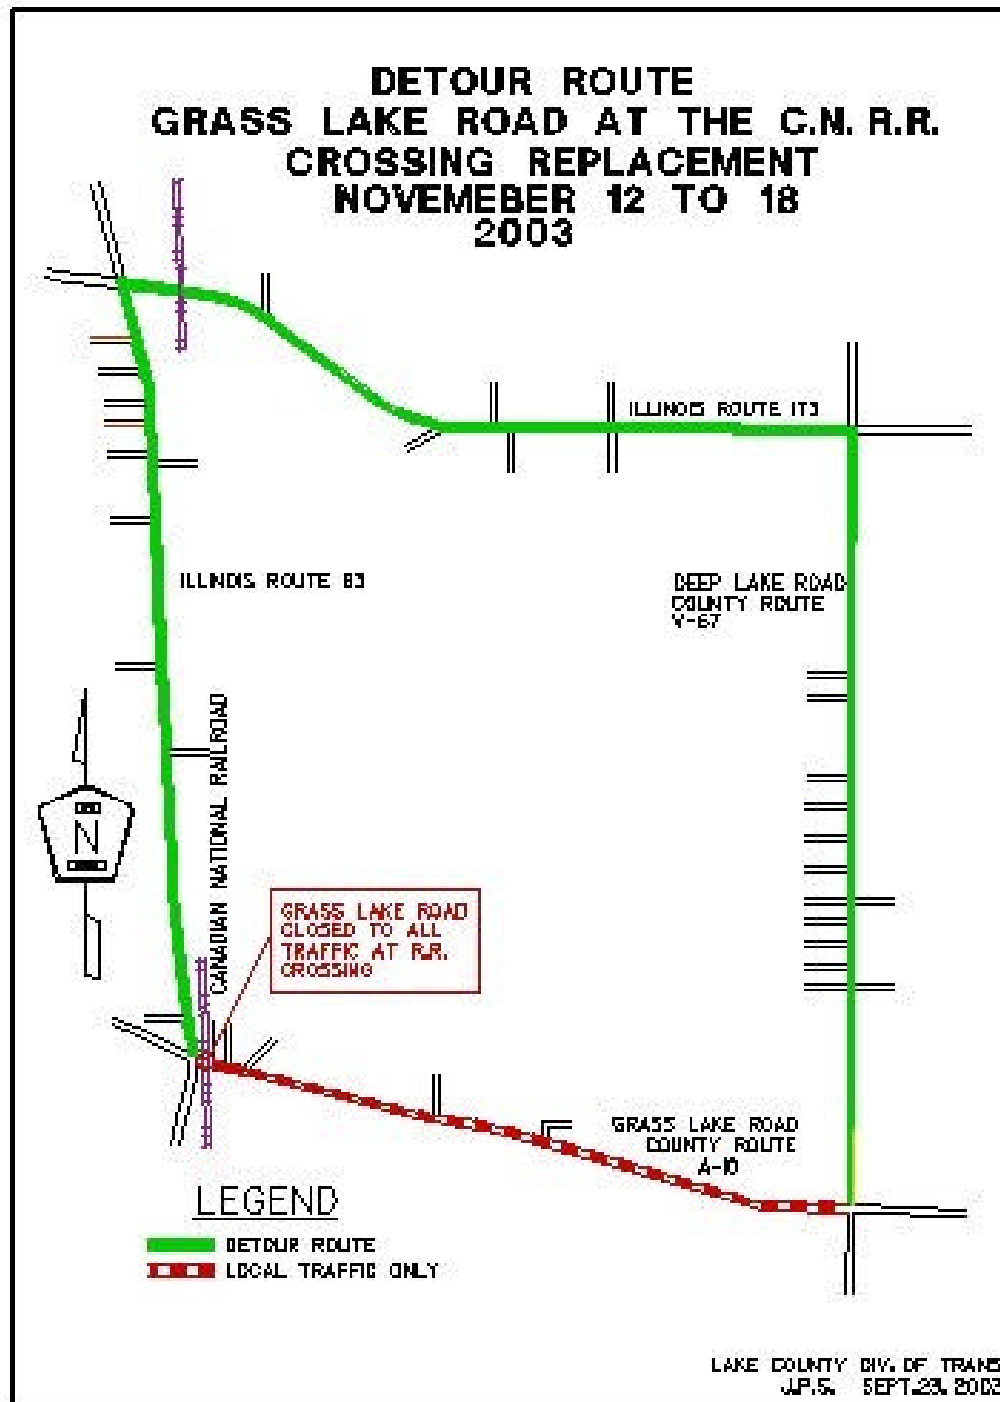

Lake Villa, IL - The Canadian National Railway has informed the Lake County Division of Transportation of their intention to close their at grade railroad crossing on Grass Lake Road (County Route A-10), immediately east of Illinois Route 83 to install a new crossing, as well as installing the second track. The work will begin on Wednesday, November 12, 2003 and last for seven days.

The crossing work will consist of replacing the temporary asphalt and timber crossing, which was installed in 2000, with a concrete track crossing, and installing the connecting track section to complete the second railroad track at this at grade crossing.

Local traffic will be allowed from Illinois Route 83 to the crossing and from Deep Lake Road (County Route V-67) to the railroad crossing. No vehicles will be allowed to use the railroad crossing during the seven days the Canadian National Railway is completing their crossing work. Thru traffic will be detoured to Illinois Route 173 by a signed detour route for the duration of the crossing installation. The signed detour route will be Illinois Route 83, to Illinois Route 173, to Deep Lake Road (County Route V-67).
